

# DECLARATION OF UNDECLARED WORK AND REGULARIZATION OF FOREIGNERS 2020

**FROM 6/1/2020  
TO 8/15/2020,**

if you are eligible to participate in the procedure for the declaration of undeclared work and regularization of foreign citizens, you can submit the application to **request a residence permit for work or for job search**. If the procedure ends with a positive outcome, you will have the possibility to stay in Italy with a regular residence permit. There is no numerical limit for the procedure so all people who start it correctly and within the time established by law can apply.

THERE ARE TWO TYPES OF PROCEDURES:

At the request of the Italian employer or the European Union employer or the foreign employer with a "residence card" for works in the household sector, personal assistance, agriculture, breeding and zootechnics, fishing and aquaculture or related activities.

- If you are already working without a contract.
- If the employer is available to offer you a new employment contract, both people without a residence permit and people with a non-convertible residence permit can apply, for example applicants for international protection, religious reasons, minor assistance, special protection etc.

At the request of the foreign citizen to seek employment.

- If you have a residence permit expired after October 31 2019.
- If you have already worked in the household sector, personal assistance, agriculture, breeding and animal husbandry, fishing and aquaculture or related activities.

You will be issued with a six-month residence permit for job search which can be converted into a residence permit for work under certain conditions.

If you think you have the requirements, you can request more information and ask for an appointment at the **Caritas Foreigners Counselling Centre in Rome**.
